THE STATE ELECTIONS.

The Democrats Claim New York City and State.

The Australian Ballot System Pronounced a Success.

Returns Coming in Slowly—The President Kept Informed of the Result by a Private Wire.

NEW YORK.

NEW YORK, Nov. 5.—Five hundred election districts of 1,019 in this city give Rice (democrat) for secretary of state, 60,120; Gilbert (republican), 29,475. Wimple (democrat) for comptroller, 2,500 behind Rice.

The Tammany and county ticket is probably elected.

Tom Grady, Cleveland's opponent when in the senate, has been defeated by Ahearn in his district.

"Silver Dollar" Smith, (democrat) is elected to the eighth district.

The Daily News' 8 p. m. extra says New York state is democratic by 20,000. It claims 75,000 democratic majority for the state ticket in this city, which is probably high.

The Daily News says one of the surprises on the legislative ticket is the defeat of Millionaire Stewart in the eighth senatorial district by Chas. A. Turner, a poor yeoman and a Tammany candidate.

The Sun says the State has gone democratic, certainly by 10,000 majority. Col. Brown's majority for senator in the senatorial district over Murphy is 3,000.

The latest reports from Brooklyn show that Major Chapin has defeated Baird, republican. The democratic vote was unusually strong. In this city nearly all the tramway candidates were elected.

Col. Wm. Brown, editor of the Daily News, is elected senator in the fifth district, defeating Michael C. Murphy.

Eight hundred election districts, out of 1,019, give Rice for secretary of state 98,652; Gilbert 50,000; Wimple, for comptroller, 95,050; Cook 51,582; indicating a majority of 55,000 in the city.

The Evening World prints a charge that Johnny O'Brien, the Republican leader in this State, deserted his party ticket to-day in the 8th assembly district, where he resides, and that his followers worked for the Democratic ticket, circulating ballots with only one Republican candidate's name on them, that of Robt. Haight for associate justice of the supreme court. The World asserts that O'Brien thus sought revenge for his delegation having been denied admission to the state convention at Saratoga.

Excitement has been at fever heat around the bulletin boards of the newspapers since the polls closed, and Park Row, from Brooklyn bridge to the Herald office, has been packed with dense crowds. The weather is quite cold, but this did not seem to effect the groups assembled everywhere returns could be secured. The display of gains by either party was received by ringing cheers, which as the night advanced became deafening as the jam of people became more and more excited. Messenger boys were darting in every direction, and the whole scene under the glare of the electric lights was the liveliest on Park Row since the presidential election.

Amos Cummings has been elected to Congress from the north district to fill the vacancy caused by the death of Sunset Cox. His majority is over 15,000.

The democrotic majority in New York city is complete. The count is 63,209.

BROOKYN, Nov. 5.—It is conceded that Chapin is re-elected mayor by 5,000 majority over Baird, Republican. J. M. Ridgeway is re-elected district attorney by 7,000. The next board of aldermen will consist of 15 republicans and 4 Democrats.

MASSACHUSETTS.

BOSTON, Nov. 5.—Returns are coming in very slowly. The vote is rather light. The indications are that Russell (Democrat) for Governor has 600 plurality in Boston, but in the counties eight go for Brett (Republican), claiming him by one hundred. The Legislature will be Republican by about the same as last year.

SPRINGFIELD, Mass., Nov. 5.—The Australian ballot system worked fine here. Curiosity brought out a large vote, and about eighty per cent. of the registration was cast.

NEW YORK, Nov. 5.—The Press says the Democrats concede Massachusetts to the Republicans by 20,000 majority.

BOSTON, Nov. 5.—To-day's experience seemed to prove beyond a doubt the success of the Australian system of voting, and testimony from all sections of the state is almost unanimous in its praise. In this city the voting places have presented a remarkably quiet appearance, and the scenes there have in many cases been in marked contrast to those usually witnessed. Voting has proceeded with dispatch and the voters have enjoyed a freedom from importunities of ballot distributors that they have never known before. Very few cases are reported where instructions as to the method of voting were necessary, and practically the only aid required was for those who come under the law as "By blindness or other physical disability to mark their ballot." While the voters expressed their pleasure at being able to vote without the usual solicitation in the interest of one candidate or another, the ward officers were also delighted at being able to attend their duties without being disturbed by the customary bustle and disturbance outside the rails. There was some slight friction caused by a conflict of opinion with regard to the duties of precinct and other officers, but it was insignificant, and made but little trouble. With regard to the ballots themselves there was little or no complaint. From all over the state reports indicate a very quiet election and high vote. Although the voting itself was conducted as expeditiously as in former years, the count was not completed as early, and the returns come in straggling. There is probably not the slightest doubt that the Republican candidate for Governor is elected by 8,000 majority.

NEW JERSEY.

BURLINGTON, N. J., Nov. 5.—This county gives an estimated majority for Grubb of 1,500, a gain of 1,200 votes over 1887. This is Grubb's own county.

Camden county, N. J., gives 2,500 Republican majority, a gain of 500.

VIRGINIA.

LYNCHBURG, Va., Nov. 5.—Counting is in progress. A big Democratic majority is assured in this section of the state. The Democrats also claim the north district in South Virginia by a good majority.

LYNCHBURG, Nov. 5.—The Democratic tally appears now to claim the city by a majority of 1,000, which is a gain of 600 over last fall.

RICHMOND, Va., Nov. 5.—The city will give the Democratic ticket three thousand majority. Henrico county goes Democratic, and reports from the state promise well for the Democratic ticket.

The Mail and Express claims Virginia for Mahone, and states that Foraker is certainly re-elected.

RICHMOND, Nov. 5.—It is estimated that the Democrats will carry this city by over 3,000 majority, and all are confident their majority in the state will exceed 15,000.

RICHMOND, Va., Nov. 5.—Returns from the state at large show the Democratic gains in the city and county to be solidly Democratic.

RICHMOND, Va., Nov. 5.—Returns from over half the State have been received, giving a Democratic majority of about 34,000.

STANTON, Va., Nov. 5.—1,400 votes were cast here. McKenny's majority is estimated at 400, which is double that of Cleveland's vote in 1884. The Democratic majority in this county is estimated at 1,700.

ALEXANDRIA, Va., Nov. 5.—Returns from seventeen towns and precincts show a Democratic gain of 2,800.

NORFOLK, Va., Nov. 5.—This city has gone democratic by 1,907 majority, a democratic gain of 2,400, and there are also large democratic gains throughout the second district.

Portsmouth has gone democratic by about 600. The democrats claim they have carried the second district, which gave Harrison 6,400 majority.

NORFOLK, Va., Nov. 5.—Returns from the second congressional district indicate that the Democrats have carried by fifteen hundred majority. Harrison carried this district by 6,251; Portsmouth goes Democratic by 500 majority; while Southampton, Prince Anne, Isle of Wight and probably Norfolk County elect their entire legislative ticket.

PENNSYLVANIA.

PHILADELPHIA, Nov. 5.—Chairman Andrews of the Republican State committee, claims the State by sixty thousand majority, and says the city will give Boyer thirty thousand majority. It is thought these figures are not justified. A light vote is being cast. Everything is quiet.

The Republicans of South Jersey concede the election of Abbott by a small majority.

HARRISBURG, Pa., Nov. 5.—About the average was polled here to-day. Not one was scratched by both black and white Republicans. The indications are that McKinney for governor will get fifty majority.

ILLINOIS.

CHICAGO, Nov. 5.—One hundred and fifty-three precincts give Crawford, Democratic candidate for governor 1,740 majority.

CHICAGO, Nov. 5.—In the city and county 333 precincts give Crawford, Democrat, recorder, 26,873; Stephens, Republican, 26,616.

IOWA.

DUBUQUE, Iowa, Nov. 5.—Not more than two-thirds of the registered vote in Dubuque county was cast. There was a light vote generally in the State. A great many German Republicans voted the Democratic ticket on the prohibition question. There was much scratching of tickets. Definite returns will be late as the polls in Iowa don't close till 9 o'clock. Boies, Democratic candidate for governor, gains 20 in Dubuque county. Hutchinson, the Republican candidate, incurred the opposition of the anti-prohibitionists on the liquor issues, and of many Republican farmers because of his friendly attitude in the legislature toward railway corporations. He will run far behind the ticket, but his election is looked for.

DES MOINES, Nov. 5.—159 precincts give Hutchinson 16,832; Boies, 14,908; a Democratic gain of 948.

DES MOINES, Nov. 5.—One hundred and sixty-six precincts give Hutchinson 12,894: Boies 10,793, a Democratic gain of 257.

OHIO.

COLUMBUS, O., Nov. 5.—The length of the ticket and much scratching makes the count slow. Returns have just begun to come in. Forty precincts show a net gain 10 to the precinct for Campbell. The latter's friends say this, if maintained, will defeat Foraker.

CINCINNATI, O., Nov. 5.—Forty-seven precincts outside Cincinnati show a net democratic gain of 467, as compared to the vote of two years ago.

COLUMBUS, O., Nov. 5.—One hundred and fifty-nine precincts outside of Cincinnati give Foraker 21,604; Campbell 10,223.

THE NEWS AT WASHINGTON.

WASHINGTON, Nov. 5.—The President received a dispatch at ten p.m. from Ohio announcing Foraker's election. The President received returns at the White House over a private wire, with the attorney-general and Secretary Halford. Crowds surrounded the bulletin boards on the streets all the evening and cheered and groaned alternately as the returns came in.

NEW YORK'S NEMESIS.

More Trouble With the Deadly Electric Wires.

Terrible Sight on a Busy Street—A Horse Literally Roasted by Electricity and the Driver Badly Injured.

NEW YORK, Nov. 4.—An electric light current this morning roasted a horse to death, threw the driver to the street and knocked a police sergeant senseless. The deadly current was carried to its victim through a telephone wire on a big pole, carrying numberless wires, standing on Fourth avenue at the corner of Twenty-eighth street. Some time this morning one of the wires, a telephone line, fell to the street and formed a loop across the track of the Fourth avenue railroad.

Soon after it fell Thomas Whalen, driver of the Herald delivery wagon, came along. The horse stepped on the wire and instantly came to a halt, and then sprang aside and fell. The jolt to the vehicle threw Whelan to the street, and, when he arose to his feet, he received a shock which threw him prostrate into the gutter. Regaining his feet the driver undertook to release the horse, but as soon as he touched the animal another shock passed through him. He then comprehended the cause and lay still.

Citizens attracted to the scene noticed flashes of blue flame emitting from the prostrate animal. The flashes came from all parts of the horse's body, and a smell of burning flesh was perceptible half a block away. Whelan was assisted to his feet, but the horse was given a wide berth.

The police established a guard at points sufficiently far from the roasting animal to warn all wayfarers from nearing the fatal spot. Sergeant McDonald came in contact with the wire and fell to the pavement senseless. Roundsman Cassidy went to the rescue, and when he caught hold of the sergeant's leg he received a shock which compelled him to release his hold. A second effort was more successful.

Severely Attacked.

I WAS severely attacked with diarrhœa and vomiting, the pain was intense and I thought I could not live till morning. Six doses of Dr. Fowler's Wild Strawberry cured me and I have not had the least symptom since.

The Additional Representation of Birmingham.

Emperor William Terminates His Visit to Constantinople.

Sir Henry James' Argument for the "Times" Before the Parnell Commission—The Lightermen's Strike.

The Lightermen's Strike.

LONDON, Nov. 5.—At a meeting of the lightermen to-day, the demands of the employees were considered and the general opinion was expressed that if a prolonged strike occurred the results would be injurious to the trade of London. Seventeen firms of lightermen have granted the demands of the men. It is thought that this indicates a settlement of the trouble without serious consequences. The proposal to accept the services of the Lord Mayor and Cardinal Manning as mediators between the men and their employers, as was done in the dock strike, is being favorably considered.

The Glasgow Horror.

GLASGOW, Nov. 4.—Twenty-nine bodies have been recovered from the ruins of Templeton's carpet factory, crushed by a falling wall Saturday. The total number killed is thirty. The loss of the property is $750,000. It is rumored that the foundation of that portion of the building which fell was over an abandoned coal pit. The survivors say the sudden extinguishing of lights was the only warning they had. All rushed with one accord to the main exit, where most of the bodies were found.

All were well. There were reports that Wadelai had been taken by the Mahdists.

The Lightermen's Strike.

LONDON, Nov. 4.—The master lightermen have refused to grant the demands of their employees and a general strike of the Thames lightermen is imminent.

The Birmingham Representation.

LONDON, Nov. 4.—A conference between the liberals, unionists and conservatives, in the matter of the claims of the conservatives to additional representation in Birmingham, took place to-night. No agreement was reached and the meeting adjourned. The conservatives are anxious that Bright shall retire from his seat in favor of Lord Randolph Churchill.

The Parnell Commission.

LONDON, Nov. 5.—Sir Henry James continued his argument for the Times to-day before the Parnell commission. He declared that Parnellism was a conspiracy to destroy landlordism and rupture the union. Mr. Parnell's visit to America, though ostensibly to collect money for the relief of distress, was really to secure support for the league's treasonable aims, and referred to the men well known as plotters against the British government.

AMERICAN NEWS.

A Father's Terrible Deed.

LOWELL, Mass., Nov. 5.—A terrible tragedy occurred this morning in Vergenus township, Kent county. Haggai Westbrook, a farmer, took a hammer and fractured his wife's skull and then went to a room where his three small girls were asleep and treated them in about the same manner. He then went to another room and attempted to do the same with a son, but the son took the hammer away from him, and Westbrook ran down stairs and procured a razor and cut his own throat. Westbrook is dead, and it is supposed the girls cannot recover; but a little hope is entertained that Mrs. Westbrook may recover.

The Southern Exposition.

MONTGOMERY, Ala., Nov. 4.—The Southern Exposition will open to-morrow. The machinery will be put in motion at noon by President Harrison, at Washington, by means of a wire connected with the machinery hall here. Every foot of space in the immense building has been taken, and a large number of tents have been erected to hold the overflow.

Charleston's Earthquake Festival.

CHARLESTON, S. C., Nov. 5.—The great earthquake festival opened today. The public buildings, private residences and commercial houses were bedecked with flags from one end of the city to the other. Thousands of United States flags were displayed and not a confederate in sight. King street presents a fairy picture with its triumphal arches, illumined shops, swinging Chinese lanterns, gay throngs and military parades of white and colored troops. To-night there was a grand pyrotechnic display on Colonial Lake, with a mimic attack of the Federal fleet on Fort Sumpter. Twenty-five hundred visitors reached the city by the early morning trains, and thousands of others have arrived during the day and night.

Gibbs Arrested.

YREKA, Cala., Nov. 5.—The sheriff has arrested at Hamburg Bar, this county, a man supposed to be Gibbs, the colored porter who killed the yardmaster at Portland, Ogn., and wounded his father some weeks ago.

The Johnstown Relief Fund.

JOHNSTOWN, Pa., Nov. 5.—At a public meeting held to-day, a letter was letter was drawn up and signed protesting to Gov. Beaver and the flood relief commission against the distribution of relief money, and claiming that the persons who had property to realize upon, in other words wealthy citizens, have received the lion's share of the funds. Charges of favoritism are made.

A Question of Priority.

WASHINGTON, Nov. 5.—Efforts have been made recently to establish the priority of admission into the union of one of the Dakotas. It now transpires that no one knows which one was admitted first. Saturday last the President received from the State Department the two proclamations deficient only to the extent of his signature. The question of priority at once came up and it was found to be difficult to decide. After some debate the two documents, unlooked at, were laid face downward on a piece of paper and then they were shuffled together. When this stage of the game had been reached the proclamations were turned face upward, but protected by the sheet of paper, upon which they had been laid. The sheet was slipped aside until the blank spaces for the presidential signatures were exposed. His autograph was appended to each, the ink allowed to dry and the proclamations turned over once more and again shuffled. The two Dakotas were admitted to the union of the States, and although one of them was ahead of the other just the length of time it took the President to write his name, history will never record the name of the leader. It is a profound mystery, and it will always be so.

The Cronin Trial.

CHICAGO, Nov. 5.—There was some delay in opening court in the Cronin trial this morning owing to a consultation between the judge and the lawyers for the State as to the possible effect on the final result of the case of holding court to-day. Counsel for the people feared that in the event of a verdict of guilty having been rendered by the jury, the upper court on an appeal might construe the hearing of the case on a legal holiday as an error. It was thought best to avoid any possible trouble and to adjourn court until to-morrow, which was done. The line of evidence which the State proposed to introduce to-day was following up the movements and history of the trunk, and showing how it was found on the roadside.

A Correspondent Beaten.

RICHMOND, Va., Nov. 5.—Mussy, the Washington correspondent of the Cincinnati Commercial Gazette, was severely beaten this afternoon by a Democratic lawyer, for interfering with the election and attempting to incite negroes to protest against the manner in which he thought they were being shut out from the polls.

Death from Apoplexy.

ATLANTIC, Ga., Nov. 5.—Hon. H. L. Boone, representative from Hall county in the Georgia house, failed to answer when called at his boarding-house this morning, and was found dead in bed from apoplexy.

The Jesuits Estates Money Paid Over Yesterday.

Orange Demonstrations Held in all Parts of Ontario.

Inflammatory Speeches Made by Colonel O'Brien and Mr. Charlton at Toronto to a Large Assemblage.

From our own Correspondent.

OTTAWA, Ont., Nov. 5.—Premier Mercier paid over the four hundred thousand dollars of the Jesuits Estates' money to-day, and afterwards made a speech, in which he said he hoped the agitation would now be dropped and all parties work together for the common good of the country.

Orange demonstrations were held in all parts of Ontario to-day. Nearly 5,000 people assembled at the rink to hear addresses by Col. O'Brien, Mr. Charlton and others. Charlton called on Hon. Mr. Laurier to be true to liberal principles; strike down the tithing system and ecclesiastical domination system in Quebec, and said this must be an Anglo-Saxon country, and if necessary Canadians should take up the sword to assist this.

CANADIAN NEWS.

The Federal Bank Pays Off Its Liabilities.

The Proposed Railway to Alaska Through B. C.

Four Americans Representing a Syndicate Confer with Mr. Walter Moberly Upon the Subject.

The Alaska Railway.

WINNIPEG, Nov. 5.—Messrs. R. Wallace, W. T. Quinn, E. D. Carter and J. W. Burdick, four American gentlemen, spent the greater part of last week in the city. While here the gentlemen were engaged every day on some business, the nature of which could not be ascertained. Wallace, who appeared to be the spokesman of the party, talked of nothing but Kootenay and the proposed railway to Alaska through British Columbia. He had several consultations with Mr. Walter Moberly, C. E., who has taken great interest in the railway project from its inception, but with what object Mr. Wallace discussed the subject with him is yet a secret. It is thought they represent American capitalists.

Joined the Priesthood.

GUELPH, Ont., Nov. 5.—J. C. Coffee, for some years a successful barrister here, has joined the Roman Catholic priesthood, and is studying at a Jesuit institution in Montreal.

Paid Off Its Liabilities.

LONDON, Ont., Nov. 5.—The Federal Bank has now paid off all its liabilities, amounting to four and a quarter million dollars, which under the circumstances is a quick realization, and shows the bank was not insolvent. The residue to collect is now exclusively for the shareholders.

Poison in the Porridge.

TORONTO, Nov. 5.—Robert Fleming, his wife and three daughters, had a narrow escape from death by poison yesterday morning. Shortly after partaking of porridge and milk all were taken ill, and soon became so bad that none of them could go for assistance. Fortunately a friend called at the house, and medical assistance was secured. All are in a fair way to recovery.

The Church Incident.

OTTAWA, Nov. 5.—There is a good deal of feeling among the Anglicans over the incident of Sunday evening in Saint George church, the ritualism of Rev. Owen Jones having become somewhat pronounced.

New Queen's Counsel.

HALIFAX, Nov. 5.—It is reported the following Halifax barristers have been made Queen's counsel by the Dominion government: B. Russell, W. B. Russ, R. L. Barden, John G. Payeant and F. J. Tremaine.

The Ontario Elections.

TORONTO, Nov. 5.—The Empire this morning in a double leaded editorial tells its friends to be ready for the Ontario general elections in December, and urges immediate action. The World commenting on the Mail's announcement to the same effect of yesterday, calls it a canard, and says there will be another session.

The Esplanade Dispute.

TORONTO, Nov. 5.—The Esplanade committee of the City Council has decided to renew the objection before the Privy Council to the granting of the application of the C. P. R. Co. for an exclusive right of way along the west bank of the Don.

Starving Fishermen.

HALIFAX, Nov. 5.—Through the failure of the fisheries, great destitution prevails at Terence Bay, Buffalo County. Only four of forty or fifty families have anything to eat, and as all have to be provided for out of these stores they will not last long. Should the fish not strike in before the provisions are exhausted, some deaths from starvation are likely to occur.

The Charge Against Consul Lewis.

WASHINGTON, Nov. 5.—Reed Lewis will sail to-morrow for Tangiers. He will resume his position there as U. S. consul temporarily, and settle his affairs in anticipation of a recall, which Mr. Blaine will probably issue in a short time. Ramon Azague, foreign interpreter at the Tangiers consulate, is not satisfied with the exoneration of Mr. Lewis from the charge preferred against him by Azague, and he still lingers in this city urging Secretary Blaine to make further investigation at Tangiers. It is not likely Blaine will grant the request.

THE GOVERNOR-GENERAL'S VISIT.

The Governor-General leaves Victoria this morning. He has during his short stay here won golden opinions from all with whom he has come in contact. He is one of the most approachable of men, courteous, affable and kindly in his manner. He is, too, a man of affairs. He has exhibited the utmost readiness to meet those who had business to transact with him. He heard what they had to say with an apparently pleased interest, and desired to get a perfect understanding of all the questions submitted to him. We are greatly mistaken if the Governor-General's visit will not be beneficial to British Columbia in many ways. This province will not be to him as it is to some of his ministers, an abstraction, a mere geographical expression. He has seen it. He has talked to the men most conversant with its affairs on the spot, and he has been in a position to form intelligent opinions on some important questions affecting it which are certain to come before the Government. Although the Governor-General is bound by the constitution to act in accordance with the advice of his ministers, there is no law to prevent His Excellency offering his ministers suggestions and giving them information on matters with which he is better acquainted than they. Lord Stanley has evidently made good use of his opportunities while here, and we are greatly mistaken if he will not, in some way or other, use the knowledge he has acquired to advance the interests of the people of the province.

On one subject, the Behring's Sea question, the Governor-General has it in his power to be of considerable use to the men of business of the province. He is the representative of the Queen, and, in a sense, of the Imperial Government. The Behring's Sea question is a matter of Imperial concern, and with regard to it he can deal directly with the Home Government. We were, therefore, pleased to see that His Excellency evinced a strong desire to obtain reliable information with regard to the fur seal fishery. We have no doubt that the information given him here by men of character and experience will do much towards dissipating doubts and clearing away misapprehensions which those who have to deal with the question on the part of Great Britain may, for want of information they could depend upon, have been laboring under. The Americans, and particularly the agents of the Alaska Commercial Company, have been most industrious in spreading false reports regarding the seal hunting business and those engaged in it. They have done their best, or rather their worst, to lead the world to believe that the British Columbia seal hunters are a reckless, unscrupulous class of men, engaged in a business which they know to be illegal. They would have the people of Great Britain and the United States conclude that if they are not pirates they are the next thing to it. They allege that their methods are wasteful of seal life, and that if they are not kept out of the waters frequented by the seals those valuable creatures will soon be extirpated. Lord Stanley is in a position now to know pretty nearly how much truth there is in the charges which men in the pay of the Alaska Company make against the British Columbia sealers, and he can communicate the conclusions at which he has arrived to the Imperial Government in a way that will gain for them the earnest consideration of those who are engaged in trying to effect a settlement of this not difficult but very troublesome question. We are greatly mistaken if the Governor-General will not gladly avail himself of the opportunity to place the Behring's Sea question in what British Columbians regard as its true light before the Imperial authorities.

Lord Stanley and the ladies and gentlemen who accompany him have had an opportunity of seeing what November weather is like in Victoria. They will, we are quite certain, take away a favorable impression of the climate of this city and this province. The contrast between the weather here and the weather of the eastern provinces must, when they get back to Ottawa, strike them forcibly. The report of such distinguished and such disinterested witnesses as they are regarding the genial nature of its climate cannot but be beneficial to British Columbia.

But while we naturally lay great stress upon the advantages which this province is likely to gain from the Vice-Regal visit, we are very far from being indifferent to the enjoyment which Lord and Lady Stanley and their party have derived from their sojourn on the Pacific Coast. The citizens of Victoria have tried to show them that they are welcome. They have endeavored in a humble and very imperfect way to make their stay amongst them pleasant, and we sincerely trust that their experience of British Columbia has been such as will induce them soon to pay it another visit.

THAT BOGUS TELEGRAM.

The organ of the Opposition tried very hard two or three weeks ago to raise an agitation on the Chinese question. It did not succeed, not because the citizens of Victoria take no interest in the question, but because they are too intelligent to pay any attention to sensational articles based upon what had all the appearance of being a bogus telegram manufactured for the occasion. Because we refused to treat the alarmist effusions of our contemporary seriously it abused us very vigorously, and it has not yet, we see, ceased to reproach us for our silence. We were at the time quite certain that the organ was, for purposes of its own, making a great ado about nothing, and we now find that in refusing to be a party to disturbing the public mind unnecessarily we took the right course. In the Toronto Empire of the 29th ult. we find the following editorial paragraph:

"When the Opposition romance writers have had their inventions as to supposed sayings and doings at Ottawa thoroughly exposed several times in succession, they are fond of falling back upon imaginative tales of intervention from Westminster. Thus they have now concocted a story of pressure from Downing street upon the Canadian authorities to do away with the poll-tax on Chinese immigrants. If the Colonial Office were to take any step of the kind it would hardly address itself to Grit correspondents instead of the Canadian Administration, which has not received such a despatch. . . . Parliament will no doubt be guided by the wishes of British Columbia as it was in imposing the poll-tax, for the small number of Chinamen reaching the older provinces makes the question one of little practical importance to them at present. The Grit theory seems to be that the Government should not exclude Chinamen, and that in case of their admission the working-men should vote for Mr. Laurier."

It would be edifying to know where that despatch out of which the Times made so much capital was manufactured, for manufactured it was. It is a little singular that it came just in time to enable our contemporary to try to set the heather on fire for the purpose of getting up an opposition to Mr. Earle. The scheme was not a very ingenious one, and as the electors perversely, as the organ declares, refused to fall into the trap it set for them, it failed signally and ignominiously. The scolding it administered to the constituency and THE COLONIST after Mr. Earle was elected by acclamation appears in the light of the information imparted by the Empire, very amusing. The appearance of the bogus Ottawa telegram just in time to raise the alarm about Chinese cheap labor may certainly have been a curious coincidence. Such coincidences sometimes do happen. But when they occur just when they are needed to further the designs of politicians badly in need of "ammunition" they are, to say the least, suspicious.

AN INHOSPITABLE COUNTRY.

Every year we hear of suffering in Labrador. The miserable inhabitants of that inhospitable coast seem to be nine-tenths of the year in a starving condition. Why they ever went there is a mystery and why they stay there is more mysterious still. The land is not productive. The soil is thin and the summer is very short, so what the settlers who make an attempt to cultivate the ground can grow is hardly worth considering. The fisheries are most precarious. When the fish are plenty the poor people cannot get more than enough to last them through the long, cold and dreary winter, and when they are scarce, as they often are in these days, they must starve or appeal to the people of the provinces south and west of them for relief. Such an appeal has been made on their behalf this autumn by Bishop Bosse and a Mr. Quinn. But there will be great difficulty in getting supplies to them so late in the season and there is no use in sending them money. The Montreal Witness says that the early Norse adventurers called the dreary and ungenial country in which these poor wretches are trying to live, Hellaland. The word is too long by two syllables. Why anyone should want to live there as long as there are any other habitable regions on the earth's surface it is impossible to comprehend. Yet it is said that the natives—white natives—are unwilling to leave the God-forsaken land. It may be that all ambition and energy have been starved and frozen out of them. The Montreal Witness suggests that they be sent to British Columbia, but we fancy that this province has little use for men and women who do not possess energy enough to get out of Labrador as soon as they see a chance. And the chances are numerous enough, for they could leave it in the summer time in their own boats. Navigation is not dangerous at that season, and when they were once on the St. Lawrence all they would have to do would be to follow the shore to get to a habitable country. We are very much afraid that these Labrador fishermen and their families would not be a very desirable acquisition to any community in which continuous work is required to make a living. They cannot have acquired industrious habits where they are, for during a great part of the year they have nothing to do. We suspect that this mode of life has unfitted them for hard and constant labor. We would not be surprised to find that it is unwillingness to work hard and continuously, that keeps them where they are. They would rather starve in half, or more than half, idleness than live in plenty where they would have to work three hundred days in the year. People like this are not wanted in a progressive country. Labrador is good enough for them.

THE C. P. STEAMSHIP LINE.

The Canadian Pacific Railway Company is determined to have the best steamship service on the Pacific. The Americans, when they hear of the magnificent steamships which this Company will in a little more than another year have on the route between British Columbia and China and Japan, will no doubt renew their outcry against the subsidized British lines. But it is not alone the mail subsidies that will make the Canada Pacific line a success. The push and enterprise of the projectors will be more potent factors in causing the line to be a formidable competitor to the American lines than any aid which they may receive from Government. The courage with which the Company tackle big enterprises which less courageous men would not think of undertaking cannot be sufficiently admired. They saw that first-class lines of steamships on the Pacific and the Atlantic were necessary to the successful working of their transcontinental line, and they set about securing them though stupendous obstacles stood in their way. The Pacific line may now be regarded as an accomplished fact, and an Atlantic line in connection with their road will, we have no doubt, before very long, be established. Mr. Shaughnessy, Assistant President of the road, returned the other day from Great Britain. This is what he said about his mission to a representative of the Montreal Gazette:

"I went over," said that energetic gentleman, "mainly in connection with those steamships for the Pacific service. The company has made a contract with the Naval Armament Construction company, of Barrow-in-Furness, for three steam steel ships. They will be 440 feet long, 51 feet beam; the depth of the hold will be 36 feet; 9,000 horse-power, and about 3,750 tons dead weight carrying capacity. The passenger accommodation will be 150 saloon, 60 second saloon, and 350 steerage. The ships will be registered A 1 first class in every particular; at least equal in construction, finish and equipment to the best afloat; they will be tested on the measured mile up to eighteen knots, and will be provided with every convenience and luxury that can possibly be demanded by the modern traveller."

The Pacific steamships are to be lighted by electricity, and the effort in designing the ships has been to improve where possible on the best Atlantic lines. The ships are to be ready for sea the first in fourteen, the second in fifteen, and the third in sixteen months, and they will be placed, immediately after they are completed, on the service.

EDITORIAL COMMENTS.

A GREAT revival of the English mining industries has, according to the London Daily News, taken place in 1888. The total quantity of minerals raised came to 182,660,163 tons, an amount which exceeds the total of any previous year. The largest item of course was coal, which reached the huge output of 169,935,219 tons—nearly 7,816,000 tons more than the quantity mined in 1887. Ironstone weighed 8,635,032 tons, or more than 1,000,000 tons in excess of the yield in 1887. The greatest development, however, was in the oil shale industry, the quantity worked having risen from 1,411,378 tons in 1887 to 2,076,504, an increase of 47 per cent.

YESTERDAY'S TELEGRAMS

Emperor William's Visit to the Turkish Capital.

The Queen Telegraphs a Message of Sympathy to the Families of the Glasgow Victims.

THE LIGHTERMEN'S STRIKE.

LONDON, Nov. 4.—There is a disagreement among the leaders of the London lightermen's strike. It is possible that the proposed movement will be abandoned. Some of the leaders are satisfied to accept concessions which it is known can be obtained beforehand, while others favor striking in the hope of more considerable gains. The disagreement will probably be overcome before Monday. Another immense meeting of the men was held to-day.

CABINET MEETING.

The first meeting of the cabinet this season will be held next Friday, when it is supposed that the programme of the government for the forthcoming session of parliament will be outlined.

COUNTERFEIT COIN.

A brass worker named Wienche has been arrested for counterfeiting. It is learned that Wienche had issued 8,000 five mark pieces.

THE KAISER AT CONSTANTINOPLE.

Soon after his arrival at Yildiz Kiosk, Emperor William witnessed the parade of Turkish troops, and complimented the Sultan upon the appearance of the men, and especially praised the artillery. The Sultan afterwards held a grand banquet in honor of the Emperor, and a state reception followed, at which the chief officers of the Ottoman empire were presented to Germany's ruler. Sunday Emperor William attended the Protestant church, and took luncheon at the German embassy. To-night the Emperor gave a banquet at Yildiz Kiosk to the Turkish dignatories, and afterwards held a reception, chatting affably with many notable guests.

THE QUEEN'S SYMPATHY.

The Queen has telegraphed a message of sympathy for the families of those killed by the crushing in of the roof of the carpet factory. The number of dead is officially stated at twenty-nine.

THE PRINCE OF WALES IN EGYPT.

The Prince of Wales and his son Prince George worshipped on Sunday in All Saint's church, at Cairo. They took luncheon at the residence of Gen. Greenfell, and this evening dined as the guests of Premier Riaz, meeting a large number of Egyptian nobles.

HIS LIFE WAS A ROMANCE.

The Last Chapter Told of Poverty and Death.

OTTAWA, Nov. 2—"Applications have been received here for the probate of the will of the late Charles Joseph Savery, of this city, to his executor, A. Andette; value of personal property, $1,300; real estate none." The above paragraph, which appears in one of the local newspapers, marks the last page in the history of that once notable French politician, who years ago left France with judgments against him amounting to $8,000,000 to die in a foreign land in comparative poverty. He had lived at the last in a little flat over an eating saloon, with Mme. Lamy, who accompanied his flight from justice, and their two illegitimate children. The story of how he wrecked the Bank of Lyons—while minister of justice under the Dafoure-Marcere Ministry in France—his duel with M. Lamy, who discovered the laison between the bank president and his wife; the desertion of his own wife and family and flight with Mme. Lamy to Canada, and his death at Ottawa, after receiving absolution from the Catholic church early in September, has all been told, and reads like a chapter from one of Ouida's novels.

The little property he leaves behind him he willed to Mme. Lamy, who, left to her own resources, is now starting a small shop on one of the main streets of Ottawa, where she will devote her time to the sale of fancy goods a la Parisienne. At the time of his death M. Savary had a suit pending in the courts against a Quebec newspaper for $10,000 damages for libel, the paper having styled him "l' ex-forcat (ex-convict) Savary." Attempts which have been made to effect a reconciliation between M. Lamy and his erring wife since the death of M. Savary have entirely failed, and she has now to battle the world alone.

ALASKA MINING NEWS.

Sheep Creek to be the Coming Camp Next Season.

(Alaska Free Press).

The Pansey, on Douglas Island, continues to show up well as development work progresses.

R. B. Bell, of Wrangel, has succeeded in finding a location at Takou Inlet for a cannery, which he will erect next season.

Lenie Levy is sanguine that he is now a millionaire, having struck it rich in some of his Glacier Bay property. Samples of ore sent below by him recently gave returns of over $300 per ton, mainly silver.

M. Casey, one of Alaska's old pioneers, passed over the range into the great beyond, on Sunday last, and was buried on Monday, the funeral services taking place from the Catholic church. The deceased leaves a family and a host of friends behind him.

The steam launch Moro, which Mr. Willard brought to Juneau a little over a year ago, sank to the bottom of the ocean, where the water was over 100 feet deep. She was anchored just opposite the cannery, and therefore no lives were lost.

On Saturday evening last the first G. A. R. post west of Washington Ty. was organized in Juneau, it being the furthest north and west of any post in the United States. Capt. J. T. Martin was authorized some time ago to organize and muster a post at this place, but owing to the fact that it was not possible to get the required number together until this time accounts for the delay. The post was named in honor of Hon. W. H. Seward, the purchaser of Alaska.

Douglas City enjoys the distinction of being the first post of money order office in Alaska. A complete outfit of books and blanks arrived on the Corona and orders can now be had on all offices in the United States and foreign countries. This cheap and safe means of exchange will be of great advantage to this land of specie, where the rag-baby-dollar rarely comes.

It begins to look as though Sheep Creek is to be the coming camp for next season. New strikes are being made, and plans laid for mills, tramways and railroads. Surveyor Garside has been in the field during three days of this week surveying claims, mill sites, town sites, etc. It is very evident that we need a boom here shortly, and from present showing Sheep Creek will give it to us.

The past season's development work on the Silver Queen on Sheep Creek, now shows enough ore in sight to warrant the expenditure of placing a concentrator and other working conveniences on the mine, and the owners contemplate for next season's work the erection of a mill of ten tons capacity, a tramway from the mine down to the valley and possibly a wharf and a narrow-gauge railway to the end of the tramway up in the valley. All this work will necessarily involve the expenditure of a large amount of capital, but competent mining men have estimated that there is now about $500,000 worth of ore in sight in the two levels, which is more than enough to pay all expenses of this work. In both the upper and lower tunnels nearly two feet of solid ore is shown up, and the vein in both workings continues to show wider and richer as depth is gained.

An Awful Sore Limb

Skin entirely gone. Flesh a mass of disease. Leg diminished one third in size. Condition hopeless. Cured by the Cuticura Remedies in two months.

Cured by Cuticura

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one-third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your CUTICURA REMEDIES, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen.

S. G. AHERN, Dubois, Dodge Co., Ga.

Skin Disease 17 Years

I have been troubled with a skin and scalp disease for seventeen years. My head at times was one running sore, and my body was covered with them as large as a half dollar. I tried a great many remedies without effect until I used the CUTICURA REMEDIES, and am thankful to state that after two months of their use I am entirely cured.. I feel it my duty to you and the public to state the above case.

L. R. McDOWELL, Jamesburg, N.J.

Another Marvellous Cure

The CUTICURA, CUTICURA RESOLVENT, and CUTICURA SOAP have brought about a marvellous cure in the case of a skin disease on my little son eight years old. I have tried almost all remedies and also the most eminent doctors, all alike failing,, except the wonderful CUTICURA REMEDIES.

SPORTS AND PASTIMES.

WRESTLING.

D. H. Cameron was in town yesterday, looking in the best of good form. He is evidently ready for the match with McLeod which takes place on Wednesday next in the theatre here.

Under McCann's care Quinn is fast getting into shape for his collar-and-elbow match, best three in five, which will be wrestled in Seattle on Friday next. The Pacific Coast champion is now at his old weight, while his opponent, champion of Austraiia, weighs 172. Donovan is training on the Seattle race track.

Whistler, a San Francisco wrestler at present in town, talks of making a match with Quinn, catch-as-catch-can, the latter to throw him five times in an hour. Quinn announces his readiness for a match of the kind.

PEDESTRIANISM.

The following entries have been made for the four days go-as-you-please race which is to come off in the Yates street skating rink on Wednesday, Nov. 13th: Morgan, Watson, Irving, Hart, Stokes, Taylor, McLeod, and E. Shade, all of whom are good men. Lovers of sport may look forward to a good fair race.

HERE AND THERE.

John Feigh, the well-known Seattle horseman who has been over for the races, went home with his horses this morning.

The Westminster lacrosse club have decided that unless Vancouver accepts the conditions of the challenge sent them by the New Westminster club they will not play.

A Westminster paper says that the race on Tuesday at Victoria between Gowdy's "Maud" and Cassel's "Royal" was not satisfactory to the backers of the latter, and another race will be run, this time at New Westminster. The race will be half-mile heats, best two in three, for $500 a side, and will be run on the 9th.

A few of the members of the Victoria Athletic club are practising hard, but on account of lack of interest on the part of a number of members they cannot yet decide when they will hold their exhibition.

LOCAL AND PROVINCIAL.

The Fog.

A dense fog overhung the city and straits yesterday afternoon and last night, preventing the Islander arriving on her regular trip from the Mainland.

For San Francisco.

The following passengers left by the Walla Walla yesterday afternoon for San Francisco: Mrs. J. C. Smith, W. H. Barrett, W. D. Mackenzie, H. B Hammond, P. E. Ladner, W. H. Ladner, Miss Ladner, and Miss D. Ladner.

Mud Traps.

Yesterday afternoon as a party of strangers were driving down Johnson street, the wheels of their rig became embedded in the clay which in this locality is knee deep. It is about time that this street was put in repair, as in its present condition it is a disgrace to the city, besides being most inconvenient for traffic.

Entertained at Luncheon.

Lt.-Col. and Mrs. Prior entertained the following ladies and gentlemen at luncheon on Sunday last, viz., Hon. Edward and Lady Alice Stanley, Hon. Captain and Mrs. Colville, Miss Lister, Mr. McMahon, A.D.C.: Captain St. Clair, Captain Hulton, Mr. Goschen, Major and Mrs. Peters, and Mr. and Mrs. Croasdaile.

A telegram was received at Nanaimo yesterday from California, announcing the death of W. L. Leballister, for many years a resident of Nanaimo, being the senior member of the firm of Leballister & Thompson, of the I.X.L. livery stables in that city. Deceased had been ailing for some time, and went to California for the benefit of his health.

Brown-Teague.

A few intimate friends assembled at the residence of Mr. John Teague last evening to witness the marriage of Mr. J. G. Brown, the popular leader of the Presbyterian church choir, to Miss Catherine P., eldest daughter of Mr. and Mrs. Teague. The nuptial knot was tied by the Rev. D. Fraser, in the presence of the relatives and friends of the high contracting parties, both of whom are well and favorably known in Victoria. The COLONIST joins with Mr. and Mrs. Brown's many friends in wishing them every prosperity during their voyage through life.

Vice-Regal Movements.

At 9.30 o'clock this morning His Excellency the Governor-General will visit the central schools where all the pupils will be assembled. From the schools His Excellency and Lady Stanley will proceed to the wharf, embark at 10 a. m. on H.M.S. Amphion and leave for Vancouver, whence they go to Westminster, where the citizens have arranged for a loyal welcome.

During the greater part of the trip yesterday up to Nanaimo His Excellency rode upon the cowcatcher, the better to enjoy the magnificence of the scenery, of which he expressed unbounded admiration.

Alleged Breach of Contract.

Early yesterday morning Capt. Sol. Jacobs of the Mollie Adams, was arrested on a capias by Provincial Police Sergeant Langley, pending the settlement of the case heard in Chambers on Saturday, in which an injunction was applied for by Baxter & Co. to restrain Capt. Jacobs from concluding a sale of the schooner's catch, it being alleged that they were contracted for in Seattle, and their non-deliverance across the line had subjected the buyers to considerable loss. The case has been enlarged until Monday next, Messrs. Davie & Bodwell appearing for the plaintiff, and Messrs. S. P. Mills and A. L. Belyea for the defence.

The sailors getting wind of the captain's arrest, they visited U. S. Vice-Consul Marvin, Col. Stevens being absent from the city, and, with his advice, visited Messrs. Drake, Jackson & Helmcken and obtained a replevin on the skins, to enable them to secure their wages and percentage of the catch in the event of Baxter winning the suit.

A Railroad to Port Angeles.

During the past few days property in Port Angeles has gone up with a bound—in the majority of sections doubling in value—while a rush is being made for town lots. Of course such an effect must be due to a very strong cause, which in this case is said to be the almost certain construction of a railroad to Portland. A meeting of Portland and Port Townsend capitalists was held last week to consider the project; at which the Port Townsend people proposed the building of a new road from Port Discovery to Port Angeles, connecting somewhere on the line with the road to Port Townsend. Portland's capitalists were anxious to have the road run from Portland to Port Angeles, through Gray's Harbor, and passing through the Quilihut valley at an easy grade all the way. Such a road when constructed would open up a vast section of splendid land, well watered and well timbered; with plenty of coal to be found at the Port Angeles terminus. It it is very loudly hinted that the last mentioned road will very soon be opened by the O. R. & N. Co., which are at present building wharves, warehouses, etc., costing $40,000. Victoria capital and men built up Vancouver, and there is a possibility that they may play a similar part in forming the future of Port Angeles.

THE GOVERNOR-GENERAL

Visits Nanaimo and Receives a Loyal Welcome.

His Excellency Delighted with His Trip —Presentation of an Address at Duncan's.

Yesterday morning at 9 o'clock the special train conveying the Vice-Regal party left Victoria station. A splendid run was made to Duncan's, where over five hundred people, including the school children, were in waiting. Upon the arrival of the train at the station, Mr. Henry Croft, M.P.P., stepped forward and read the following address:—

To the Right Honorable Lord Stanley of Preston, Governor-General of Canada:

MAY IT PLEASE YOUR EXCELLENCY:

We, the inhabitants of the Cowichan district of British Columbia, wish to accord you a very hearty welcome as the representative of Her Most Gracious Majesty the Queen, upon this, your first visit to this province. We much regret that owing to the limited time at your disposal and the position of the Island railway, you are prevented from seeing the beauties and capabilities of our district, the garden of British Columbia. We trust that at no distant date the railway upon which you are now travelling will form a portion of a transcontinental line connecting without trans-shipment the two chief naval stations of British North America—Esquimalt and Halifax. It affords us great pleasure to meet Your Excellency and Lady Stanley in this the most western province of the British Empire, and to assure you of our loyalty and attachment to Her Majesty's person and throne, and we hope that after a safe and agreeable journey homeward, you may have pleasing memories of your visit to this country.

(Signed), on behalf of the residents of Cowichan District,

Henry Croft, M.P.P., W. C. Mathew, A. Pimbury, W. P. Jaynes, W. H. Lomas, W. C. Duncan, Henry Fry, and A. J. Bell.

His Excellency replied in his usual eloquent and happy manner, after which the principal people present were introduced, and also the chiefs of the Indian tribes, Mr. Lomas, Indian agent, acting as spokesman for the natives. His Excellency addressed a few words to each, the Indians being evidently delighted. The school children then presented a choise bouquet, the gift, in the absence of Lady Stanley being suitably acknowledged by the Governor-General. The station had been beautifully decorated in honor of the vice-regal visit, flowers, mosses and evergreens being so arranged as to give the station a picturesque appearance. When the train started, three hearty cheers were given by the crowd assembled on the platform.

Schedule time was made on the journey to Nanaimo, and the train entered the station at the Black Diamond city exactly at noon.

NANAIMO, B.C., Nov. 5.—The Vice-Regal party arrived by special train at noon to-day. Shortly before the arrival of the train, the Nanaimo brass band and firemen (in uniform) assembled at the fire engine house, and from there marched to the Nanaimo Railway depot, and with the Mayor and Aldermen, reception committee and citizens generally, awaited the arrival of the train bearing the distinguished visitors, which arrived promptly at noon. On the arrival of the train, which was handsomely decorated, His Excellency the Governor-General alighted from the special car "Maude," accompanied by Captain the Hon. C. Colville, Mr. McMahon, A.D.C.; Mr. F. Villiers, correspondent of the Graphic: Mr. Sladen, of Australia; Hon. John Robson, Premier of British Columbia; Lieut.-Col. E. G. Prior; and Mr. J. Dunsmuir, vice-president of the E. & N. railway. They were immediately received by his worship Mayor Bate, who introduced to His Excellency the aldermen and members of the reception committee. The party then proceeded to the platform at the end of the station, in front of which a reserved stand had been erected and from which the public school scholars extended a hearty welcome. His Worship Mayor Bate then read the civic address, to which His Excellency in a clear ringing voice replied. At the close of his speech, three hearty cheers were given for His Excellency, the band playing the National Anthem. The procession then formed, headed by the Nanaimo fire department, with their steam fire engine handsomely decorated and drawn by four horses; then came the Nanaimo brass band and the fife and drum band. His Excellency, with Premier Robson, Mayor Bate and Lieut.-Col. Prior, occupied a carriage which was drawn by four grey horses. The procession proceeded along Wallace street to Front street, thence along Commercial and Farquhar, streets to the office of the New Vancouver Coal Company. Here the party donned waterproof suits and went down the No. 1 esplanade shaft of the company, accompanied by Mr. S. M. Robins, the superintendent, and Mr. W. McGregor, manager of the company.

After the luncheon, which was furnished for Mr. S. M. Robins by Mr. H. Dempsey of the Windsor House, the party proceeded to the station, where the Governor-General and party shook hands with the people present, and, amidst the cheers of those assembled and the music of the band, the train glided from the station on the return to Victoria. The run down was pleasant, and the train reached Victoria at 6 p. m., His Excellency being delighted with his trip and the pretty scenery along the railroad.

Alexander Begg, the well-known immigration agent whose name is so closely connected with the cause of the Scottish Crofters, arrived from the old country yesterday, and will probably remain several days in this city where he has many friends.

The Rev. James Wastie Green, senior scholar of St. Catharines College, Cambridge, and late governor to H. R. H. the Crown Prince of Siam, has arrived via Australia at the Clarence Hotel, and contemplates settling in Victoria with the object of developing high class English education on the English system, paying special regard to preparation for university and civil service careers.

FOUL PLAY FEARED.

Disappearance of Four Loggers, Who are Supposed to Have been Murdered by Indians.

The steamer Rustler, which arrived at Nanaimo from the North yesterday, brought news of two parties of loggers being missing. One of the parties comprised Sam Mallier and his partner, who were logging at Bute Inlet for the Moodyville mills. It is reported they had taken out 200,000 logs, but when Mr. W. Blaney passed last week there was not a sign of a log, and the men's house had been burned down. The other party, comprising two men, names unknown, were hand-logging at Humphrey's Channel, last June or July. The report came that those men were not in camp, and a man was sent over to see. He reports the men away, and the boom, chains, provisions and a few logs were found on the beach. It is generally feared that the men have met with foul play from the Indians.

THE CIVIC BALL.

The Grandest Affair of the Kind Ever Held in Victoria.

A fitting close to the festivities in honor of the Vice-Regal visit was the Civic Ball, held in the Assembly Rooms, Fort street, last night. From first to last the affair was an entire success, and it was so pronounced by the four hundred couples attending.

The Assembly Rooms have never before been so prettily decorated, and all those having this part of the work in hand deserve to be complimented for the excellent results they achieved. At the upper end of the ball room a screen of evergreens and flags illuminated by fairy lamps separated the ball room from the supper room. In front of this partition of foliage a fountain, surrounded by lovely potted plants in luxuriant bloom, their branches holding fairy lamps which threw a softened light upon the scene, sent its feathery spray into the air. In the front corridor another fountain similarly embedded in the flowers, also stood; while at the ends and along both sides of the room were shields or trophies, eighteen in number, formed by an artistic arrangement of sword bayonets and cleaning rods procured from the arsenal of the B.C.B.G.A. Sofas half hidden in some places by tropical plants, were placed along both sides of the ball room for those who cared to sit out a dance or to rest between the numbers on the list. In every part of the decorations flowers, evergreens and bright banners played a conspicuous part and the result was all that could be desired. Mr. Anderson, who took the decoration under his personal charge, was besieged with compliments during the evening, the Governor-General himself expressing surprise and pleasure at the beauty of the room.

Dancing to the sweet music furnished by the Swiftsure string band, commenced at 9 o'clock, His Excellency and Lady Stanley leading the grand march, in which about 100 couples took part.

The first dance on the list was the double lancers, in which the Governor-General and Mrs. Nelson, Mayor Grant and Lady Stanley, the Lieut.-Governor and Lady Alice Stanley, Sir M. B. Begbie and Mrs. Macdonald, Senator Macdonald and Mrs. Theo. Davie, Capt. St. Clair and Mrs. Prior, Hon. F. G. Vernon and Mrs. W. C. Ward, Capt. Hulton and Miss Lister took part.

From that time until midnight, the well-polished floor was in constant use, and then the invasion of the supper room commenced. From 12 till 3 a. m. supper was served, and a glance at the menu will show the excellence of the spread which was also provided by Mr. Anderson, of the Clarence. The supper room, like the ball room, was adorned with garlands of green, flags and bunting, and fan-formations of small arms which glistened brightly in the light and reflected the brilliant costumes worn by the ladies, and the bright uniforms of the army and navy.

The glory of the supper table was an immense crown of Derby beef, wonderful in construction, and which was placed in front of the seat occupied by His Excellency.

ALIVE IN HIS COFFIN.

A St. Louis Man Startles the Friends Who Attended His Wake.

ST. LOUIS, Nov. 4.—Jeremiah McCarthy, aged about 57 years, died, to all appearances, on Wednesday morning, surrounded by his wife and family, at 1615 North Seventeenth street. He had been ill for a long time. A parish priest was with him when it was thought he breathed his last. An undertaker was sent for and the body laid out. All day Wednesday the friends watched the remains, and Wednesday night the neighbors came in and smoked pipes and conversed about the virtues of the deceased. The wake was continued last night. The papers this morning announced the death and the proposed funeral. All the arrangements had been made and a group of friends sat beside the coffin at 10 o'clock to-day when they were startled almost out of their senses by noticing the eyes of the corpse open and close. Then the head bobbed up, looked over the side of the coffin and there was a hair-raising gasp. The watchers fled in terror, physicians were summoned, the funeral postponed and a search is now being made for the vital spark that caused such a sensation.
